FORM 1099-B*

2012 Proceeds from Broker and Barter Exchange Transactions

Copy B for Recipient OMB NO. 1545-0715

(h) Adjusted due to previous wash sale disallowed loss.

(i) All gain/loss information may not be reflected due to incomplete cost basis information.

(k) Your 1099-B reflects shares disposed of that were acquired through your employer's stock plan. Cost basis associated with non-qualified stock plan shares has been adjusted to include the amount reported to your company as compensation income. Cost basis associated with shares from a qualified Incentive Stock Option or Employee Stock Purchase Plan (ESPP) will not be adjusted for any compensation income associated with those shares. Consult a tax advisor for the rules specific to your grant and plan.

Amortization, accretion, and similar adjustments to cost basis are not provided for short-term instruments, unit investment trusts, or securities of foreign issuers.

See the supplemental gain/loss sections of this statement for options, foreign currency transactions, and closed short positions opened prior to 2011. Also refer to the gain/loss sections to see details on adjustments made to cost basis for fixed income securities and for the local currency values for internationally denominated equities and fixed income securities.

We are required to convert a purchase or sale in foreign currency into its United States dollar (USD) equivalent at the time of the transaction and to use that USD equivalent amount as the cost basis or gross proceeds as applicable. For securities directly bought or sold in a foreign currency in a single transaction in your account, we have converted the foreign currency into USD on the trade date of the purchase or sale using the end-of-day exchange rate. If you acquired the foreign currency cost, or sold the foreign currency proceeds in exchange for USD in a separate currency transaction linked to the security transaction, the conversion was made using the spot rate at the time of the linked currency transaction. In some cases, you may be required to use different currency conversion conventions than those applied here. We have made these currency conversions based on the trade date of the purchase or sale. For tax reporting purposes, you may be required to determine your actual USD cost basis, proceeds, and gain/loss based on the exchange rates on the settlement dates of the applicable transactions. Consult your tax advisor for more information.

Certain tax rules may require you to treat as ordinary income/loss all or a portion of your realized gain/loss from any debt instruments that are denominated in a currency other than U. S. dollars (USD) or that make a payment calculated by reference to the value of a currency other than USD. Consult your tax advisor for more information.

* This is important tax information and is being furnished to the Internal Revenue Service. If you are required to file a return, a negligence penalty or other sanction may be imposed on you if this income is taxable and the IRS determines that it has not been reported.

2012 Tax Reporting Statement Instructions

Information to Help You Understand Your Tax Forms

Here are instructions and line item descriptions for the information reported to the IRS on tax forms 1099-DIV, 1099-MISC, 1099-INT, 1099-B, and 1099-OID. These are IRS instructions that we are required to provide to you.

RECIPIENT'S IDENTIFICATION NUMBER AND ACCOUNT NUMBER

Identification number—For your protection, this form may show only the last four digits of your social security number (SSN), individual taxpayer identification number (ITIN), or adoption taxpayer identification number (ATIN). However, the issuer has reported your complete identification number to the IRS and, where applicable, to state and/or local governments.

Account number—Shows an account number the payer assigned to distinguish your account.

1099-DIV: DIVIDENDS AND DISTRIBUTIONS (OMB NO. 1545-0110)

1a. Total Ordinary Dividends—Shows total ordinary dividends that are taxable. Include this amount on line 9a of Form 1040 or 1040A. Also, report it on Schedule B (1040A or 1040), if required.

The amount shown may be dividends a corporation paid directly to you as a participant (or beneficiary of a participant) in an employee stock ownership plan (ESOP). Report it as a dividend on your Form 1040/1040A but treat it as a plan distribution, not as investment income, for any other purpose.

1b. Qualified Dividends—Shows the portion of the amount in line 1a that may be eligible for the 15% or zero capital gains rates. See the Form 1040/1040A instructions for how to determine this amount.

2a. Total Capital Gain Distributions—Shows total capital gain distributions from a regulated investment company or real estate investment trust. Report the amounts shown on line 2a on Schedule D (Form 1040), line 13. But, if **no amount** is shown on lines 2c-2d and your **only** capital gains and losses are capital gain distributions, you may be able to report the amounts shown in line 2a on line 13 of Form 1040 (line 10 of Form 1040A) rather than Schedule D. See the Form 1040/1040A instructions.

2b. Unrecap. Sec. 1250 Gain—Shows the portion of the amount in line 2a that is unrecaptured section 1250 gain from certain depreciable real property. Report this amount on the **Unrecaptured Section 1250 Gain Worksheet—Line 19** in the Schedule D instructions (Form 1040).

2c. Section 1202 Gain—Shows the portion of the amount in line 2a that is section 1202 gain from certain small business stock that may be subject to a 50% exclusion and certain empowerment zone business stock that may be subject to a 60% exclusion. See the Schedule D (Form 1040) instructions.

2d. 28% Rate Gain—Shows 28% rate gain from sales or exchanges of collectibles. If required, use this amount when completing the **28% Rate Gain Worksheet—Line 18** in the instructions for Schedule D (Form 1040).

1099-MISC: MISCELLANEOUS INCOME (OMB NO. 1545-0115)

4. **Federal Income Tax Withheld**—Shows backup withholding. Generally, a payer must backup withhold if you did not furnish your taxpayer identification number. See **Form W-9, Request for Taxpayer Identification Number and Certification**, and **Pub. 505, Tax Withholding and Estimated Tax**, for more information. Report this amount on your income tax return as tax withheld.

8. Substituted Payments in Lieu of Dividends or Interest—Shows substitute payments in lieu of dividends or tax-exempt interest received by your broker on your behalf as a result of a loan of your securities. Report on the "Other income" line of Form 1040 (or Form 1040NR).

16-18. Shows state or local income tax withheld from the payments.

11. Specified Private Activity Bond Interest Dividends—Shows exempt-interest dividends subject to the alternative minimum tax. This amount is included in column 10. See the instructions for Form 6251, **Alternative Minimum Tax—Individuals**.

12-14. State income tax withheld reporting boxes.

Nominees: Please read the note at the end of all the instructions.

1. Original Issue Discount for 2012—Shows the OID on the obligation for the part of the year you owned it. Report the amount on line 1 as interest income on your income tax return. However, depending on the type of debt instrument, the issue or acquisition date, and other factors (for example, if you paid acquisition or bond premium, or the obligation is a stripped bond or coupon), you may have to figure the correct amount of OID to report on your return. See **Pub 1212, Guide to Original Issue Discount (OID) Instruments**, for details on how to figure the correct OID.
 5. Description—Shows the identification number (CUSIP number) or description of the obligation. The description may include the stock exchange, issuer, coupon rate, and year of maturity.
 6. Original Issue Discount on U.S. Treasury Obligations—Shows OID on a U.S. Treasury obligation for the part of the year you owned it. Report this amount as interest income on your federal income tax return, and see **Pub. 1212** to figure any appropriate adjustments to this amount. This OID is exempt from state and local income taxes and is not included in column 1.
- Nominees:** Please read the note at the end of all the instructions.

NOMINEES

Nominees (Form 1099-DIV, Form 1099-INT, and/or Form 1099-OID): If Form 1099-DIV, Form 1099-INT, and/or Form 1099-OID include amounts belonging to another person(s), you are considered a nominee recipient. You must complete a Form 1099-DIV, Form 1099-INT, and/or Form 1099-OID, as applicable, for each of the other owners showing the income allocable to each. File Copy A of the forms with the IRS. Furnish Copy B to each owner. List yourself as the "payer" and the other owner(s) as the "recipient." A husband or wife is not required to file a nominee return to show amounts owned by the other.

Form(s) 1099-INT and/or Form(s) 1099-OID must be filed with Form 1096, Annual Summary and Transmittal of U.S. Information Returns, with the Internal Revenue Service Center for your area. On Form 1096 list yourself as the "filer." If you bought or sold an obligation during the year and you are not a nominee, you are not required to issue or file Form 1099-OID showing the OID or stated interest allocable to the seller/buyer of the obligation.

For **Form 1099-DIV**, see the 2012 General Instructions for Certain Information Returns.
