FORM 1099-B*

2012 Proceeds from Broker and Barter Exchange Transactions

Copy B for Recipient OMB NO. 1545-0715

- (h) Adjusted due to previous wash sale disallowed loss.
- (i) All gain/loss information may not be reflected due to incomplete cost basis information.
- (k) Your 1099-B reflects shares disposed of that were acquired through your employer's stock plan. Cost basis associated with *non*-qualified stock plan shares has been adjusted to include the amount reported to your company as compensation income. Cost basis associated with shares from a *qualified* Incentive Stock Option or Employee Stock Purchase Plan (ESPP) will *not* be adjusted for any compensation income associated with those shares. Consult a tax advisor for the rules specific to your grant and plan.

Amortization, accretion, and similar adjustments to cost basis are not provided for short-term instruments, unit investment trusts, or securities of foreign issuers.

See the supplemental gain/loss sections of this statement for options, foreign currency transactions, and closed short positions opened prior to 2011. Also refer to the gain/loss sections to see details on adjustments made to cost basis for fixed income securities and for the local currency values for internationally denominated equities and fixed income securities.

We are required to convert a purchase or sale in foreign currency into its United States dollar (USD) equivalent at the time of the transaction and to use that USD equivalent amount as the cost basis or gross proceeds as applicable. For securities directly bought or sold in a foreign currency in a single transaction in your account, we have converted the foreign currency into USD on the trade date of the purchase or sale using the end-of-day exchange rate. If you acquired the foreign currency cost, or sold the foreign currency proceeds in exchange for USD in a separate currency transaction linked to the security transaction, the conversion was made using the spot rate at the time of the linked currency transaction. In some cases, you may be required to use different currency conversion conventions than those applied here. We have made these currency conversions based on the trade date of the purchase or sale. For tax reporting purposes, you may be required to determine your actual USD cost basis, proceeds, and gain/loss based on the exchange rates on the settlement dates of the applicable transactions. Consult your tax advisor for more information.

Certain tax rules may require you to treat as ordinary income/loss all or a portion of your realized gain/loss from any debt instruments that are denominated in a currency other than U. S. dollars (USD) or that make a payment calculated by reference to the value of a currency other than USD. Consult your tax advisor for more information.
