Review this statement carefully. If you suspect an error, please notify GET within 90 days of receipt.

Total units distributed may include additional units added as part of an incentivized rollover to DreamAhead. Incentive value is calculated by subtracting the standard GET unit payout value at the time of the request, from the \$143 incentivized unit cash value, then multiplying that number by the number of eligible units in your account purchased before July 1, 2015. The incentivized rollover was available from June 15, 2018, to September 12, 2018, as part of the options created by Senate Bill 6087. Learn more at <https://wastate529.wa.gov/sb6087>.
